Guard Services:

Our Security Guard & Patrol services provides companies with armed & unarmed uniformed security guards, loss prevention officers, alarm response officers & mobile patrol guards. Our officers patrol apartment complexes, construction sites, automobile dealerships, residential communities (public, private property or gated) and retail business companies.

Patrol Division:

Genesis Security's fleet of vehicles, patrolling communities & commercial properties, serves as a highly visible deterrent to criminal activities in & around your establishment. Patrols may be random or scheduled. The number of visits & inspections per shift are customized to the clients needs. Genesis Security Patrol division will perform various functions such as door checks, lighting reports, parking enforcement, etc.

Alarm Response:

If your business / residence uses a first emergency contact, we will dispatch trained patrol officers to your business / residence upon alarm notification. Our fast response will allow us to determine the need for the local police or fire department.

This single point of contact will insure that your security needs are professionally & effectively implemented to the very last detail.

Training Division:

Genesis Security's training division is designed to be the most thorough training available. We set our standards high, allowing us to give our clients the best possible security services available. We use Indiana Law enforcement certified instructors to teach our guards proper cuffing techniques, weapons qualification & retention, baton & tazer certification, etc. Guards are taught commonly used laws such as use of force, citizen arrest, trespass, tow laws, etc.
